It is with great confidence that the World Shotokan Karate-do Association entrusts the organisation of our 18th championships to the Asociación Shotokan Karate-do Tradicional of Spain. Our European colleagues have previously enjoyed 4 very successful ESKA championships in San Fernando and we are confident that WSKA members will experience the same warm hospitality of both the Spanish host organization and the local population of San Fernando. We are grateful to the organising committee of the ASKT for all their hard work in order to stage the 2025 WSKA championships in Spain.

For those unfamiliar with WSKA championships, attendees will experience some of the World's finest and most exciting examples of traditional Shotokan karate; all of which is based on the principles established by the founding father of Shotokan karate Gichin Funakoshi and his successor Masatoshi Nakayama. In WSKA the inherent danger of a contact sport is mitigated by a code of behaviour, a rule system which supports traditional Shotokan karate values and an audit of any competition injuries by the medical team.

As usual we are grateful for the hard work of all the referees, judges, table officials, medics and stewards who have all contributed to these championships. Most importantly we acknowledge the commitment and expertise of the competitors and their coaches in preparing for the challenges of international karate competition at the highest level.

18TH WORLD SHOTOKAN KARATE-DO CHAMPIONSHIP SAN FERNANDO - SPAIN - 19TH-21TH SEPTEMBER-2025

Dear friends all

Welcome to the XVIII World Shotokan Karate-do Championship.

We ASKT (Asociación Shotokan Karate-do Tradicional) are proud to organise another new Shotokan Karate-do Championship, this time a tournament of World Shotokan Karate-do Championship.

The beautiful city of San Fernando will host you during such an important event. Over this year the organising committee has been fully supported by the San Fernando City Hall and its Sports Councillorship. Once again, the local authorities believed in our organising capabilities and bet on such an important tournament, which goes beyond our national borders.

In this city both athletes and delegations, and spectators in general, will find all the amenities they may need, as well as our excellent gastronomy and weather, the perfect balance provided by our ocean and our land. Thus, I hope you enjoy your stay in San Fernando and go back home with a fond memory of this wonderful city.

Thank you very much

Oss

F. Javier Artero Terán

Chairman of the Organising Committee of the XVIII WSKA Championship.

From these pages **I welcome you to San Fernando**, which is opening its arms again next December to host one of the most important events on the martial arts sports calendar, the ESKA European Championships 2023.

It is an honour for our city to be a piece of the international Shotokan karate-do framework. This fact is not the result of chance; nor is it exclusively due to the firm commitment of this Council to sport as an essential part of social development and as a citizen right still to be recognized in some latitudes. San Fernando is today a reference for athletes, clubs, federations and fans, and this is due to the work carried out over the years by the Asociación Shotokan Karate-do Traditional (ASKT). This association is a key entity in the local sports fabric and in the much-needed promotion of base sport among the new generations. Thanks to its tireless dedication, which I deeply value, ASKT has managed to sow love for one of the most beautiful and spiritual disciplines in the world of sport.

San Fernando, Isla de León, city of Sports. San Fernando is a hospitable and welcoming city, which is once again prepared to be a place of coexistence and exchange. I invite you to take a walk and meet our people, to discover streets and corners, to be surprised by our museums and our gastronomy, to breathe the nature that embraces us. Many thanks to the European Shotokan Karate-do Association for trusting San Fernando again.

SPAIN AND SAN FERNANDO

Spain, formally known as the Kingdom of Spain, is a sovereign transcontinental country, constituted as a social and democratic state governed by the rule of law, with a parliamentary monarchy as its form of government. It is one of the twenty-seven sovereign states that make up the European Union. Its territory, with its capital in Madrid, is organized into seventeen autonomous communities, which are in turn made up of fifty provinces, and two autonomous cities.

San Fernando, known until the year 1813 as "Villa de la Real Isla de León" and colloquially referred to as "La Isla" (The Island), is a municipality and city located in the province of Cádiz, in Andalusia (Spain). The town belongs, along with Cádiz, El Puerto de Santa María, Chiclana de la Frontera, Puerto Real, and Rota, to the Commonwealth of Municipalities of the Bay of Cádiz. Additionally, it is part of the metropolitan area of the Bay of Cádiz-Jerez, a polycentric urban agglomeration that includes Cádiz, Jerez de la Frontera, El Puerto de Santa María, Chiclana de la Frontera, and Puerto Real. It is the third-largest metropolitan area in Andalusia, after those of Seville and Málaga, and the twelfth in Spain.

A HISTORIC TOWN

Most of the municipality lies on what is known as the “Isla de León” (Island of León), characterized by its low elevation, with the hills of Los Mártires and Torre Alta standing out as its highest points. The small islet of Sancti Petri is also part of San Fernando. The town borders Puerto Real (to the north and east), Cádiz (to the west), and Chiclana de la Frontera (to the east and south). Geographically, it is bounded by the Sancti Petri Channel (which separates the island from Puerto Real and Chiclana), the Bay of Cádiz, the Atlantic Ocean, and the Arillo River (which separates it from Cádiz).

San Fernando has two beaches: the Atlantic-facing, sandy Camposoto Beach—an extensive, unspoiled stretch at the southern end of the municipality—and La Casería Beach, a small, muddy beach located in the bay waters to the north.

Although the area has been inhabited since prehistoric times—as evidenced by numerous archaeological sites discovered in the region—it was not until the arrival of the Phoenicians that a permanent settlement was established. They built the Temple of Hercules on the island of Sancti Petri and introduced key economic activities such as fish salting. From their arrival—which coincided with the founding of the city of Cádiz—San Fernando became closely linked to the provincial capital.

Later came the Carthaginians, who continued to worship at the temple, followed by the Romans, who established pottery workshops and built an aqueduct, over which the Zuazo Bridge was later constructed. This bridge became the main access route to San Fernando—and thus to Cádiz. The Visigoths and, later, the Moors also settled in the area. During the Islamic period, the Castle of San Romualdo was built, around which the future town of San Fernando gradually developed. In 1264, King Alfonso X "the Wise" of Castile recaptured the Cádiz region from the Moors.
